Page 3

ITEM XII: Informational Item: 2026 City of Ithaca Civil Service Commission meeting schedule.

ITEM XIII: The meeting was adjourned at 12:10 PM.

**DELEGATION OF FUNCTIONS
TO CIVIL SERVICE COMMISSION EXECUTIVE SECRETARY**

WHEREAS, the Ithaca Civil Service Commission, at its annual organizational meeting held on January 7, 2026, has reviewed the functions and responsibilities of the Commission and the Executive Secretary and has determined that certain functions may be carried out more efficiently and effectively by the Executive Secretary.

NOW, IT IS RESOLVED that the Executive Secretary of the Ithaca Civil Service Commission be delegated and is authorized to carry out the following functions on behalf of the Ithaca Civil Service Commission:

- Certify payrolls;
- Approve and/or disapprove permanent, provisional and other temporary appointments to competitive class positions;
- Approve and/or disapprove appointments to non-competitive, labor and exempt class positions;
- Approve and/or disapprove personnel transactions including, but not limited to, appointments, promotions, demotions, resignations, retirements, lay-offs, removals, transfers, reinstatements, leaves of absence, and suspensions;
- Manage and administer the examination process including, but not limited to, ordering examinations, preparing and issuing exam announcements, ordering exam materials, receiving and securing exam materials, approving and disapproving requests for alternate test dates or testing accommodations, administering examinations to candidates, calculating and awarding seniority points, and receiving and processing exam results;
- Manage eligible lists including, but not limited to, certifying eligibles for appointment, canvassing eligible lists, and restricting or reinstating candidates from or to eligible lists;
- Approve and/or disapprove applications for examination, employment or promotion;
- Determine eligibility for transfer or reinstatement, within the parameters set forth in NYS Civil Service Law and the City of Ithaca Civil Service Rules;
- Establish qualifications for promotional examinations;
- Approve and/or disapprove claims for veterans and disabled veterans credits;
- Review and recommend classification of positions;
- Maintain and manage roster records, personnel files, and other employment records;
- Prepare, maintain and manage the official records of the Ithaca Civil Service Commission, including meeting agendas, meeting minutes, job descriptions, duties statements, examination records, eligible lists, and annual reports;
- Prepare and maintain the City of Ithaca Civil Service Rules.

AND BE FURTHER RESOLVED that the Ithaca Civil Service Commission reaffirms the appointment of Deputy Director of Human Resources Jamie Flynn as its Executive Secretary.

January 7, 2026

ITEM NO. IV

**FROM JAMIE FLYNN
EXECUTIVE SECRETARY TO THE CIVIL SERVICE COMMISSION**

This is to advise that the following job specification(s) has been revised. This specification is revised through communication with the Appointing Authority.

**Engineering Technician
Project Director – Community Justice Center**

I, therefore, respectfully request for the above revised job specification be placed into the City of Ithaca Classification Plan.

RESOLUTION:

RESOLVED, that the communication from Jamie Flynn requesting the adoption of the revised job specification listed above be received and placed on file and it be further

RESOLVED, that the revised job specification for the title listed above be adopted and it be further

RESOLVED, that the revised job specification be added to the City of Ithaca Civil Service Classification Plan.

Jurisdiction: City of Ithaca
Jurisdictional Class: Competitive
Adopted: 02/11/87
Revised: 10/15/91, 05/19/97, 04/06/05, 09/15/10, 09/07/22

ENGINEERING TECHNICIAN

DISTINGUISHING FEATURES OF THE CLASS: The work involves responsibility for coordinating the various aspects of engineering projects to ensure that all specifications are met, all applicable regulations, codes and **permits** are adhered to, and that projects are properly completed on a timely, cost effective basis. The incumbent works in the field, performing technical engineering, **field measurements and or survey** work in connection with new and on-going inspections of job sites, as well as in the office developing cost estimates, schematics, preliminary project drawings and project specifications. The incumbent also acts as a liaison with contractors, consultants, public utilities, and property owners regarding projects. This position differs from that of an Assistant Civil Engineer by virtue of the fact that an Engineering Technician performs technical work rather than professional engineering tasks. The work is performed under direct supervision of a higher level Engineer in accordance with standard engineering principles, practices and techniques. Does related work as required.

TYPICAL WORK ACTIVITIES:

Assists in the preparation and/or review of design specifications, drawings, cost estimates and schedules **through all planning/development and project construction phases;**
Conducts field measurements, surveys and inspections for conformance with specifications, correct use of materials, local and state codes and ordinances and completion schedules;
Assists the Superintendent of Public Works or other project managers by meeting with consulting engineers and contractors to gather information regarding construction projects;
Operates survey **and/or measurement** equipment, gathers survey information and creates maps, **drawings**, or other documents;
Queries a computer database and retrieves data for use in **construction**, engineering and/or water/wastewater **projects** and installations;
Creates and maintains a variety of records and reports related to the work;
Maintains contact with public officials, consultants, contractors, public utilities and property owners to anticipate potential field problems and develop solutions to avoid delays and cost overruns;
Contacts a variety of public and private agencies or employees to obtain and relay information related to construction and/or engineering projects including **code compliance**;
Operates a personal computer and utilizes a variety of software related to the work performed including **but not limited to** word processing, spreadsheet and database software;
Performs a variety of physical activity including entering confined spaces, climbing ladders and using and carrying tools and materials such as shovels, picks and survey stakes;
Utilizes a variety of **engineering** office equipment including a fax machine, **printer** and photocopier;
Operates a vehicle in the performance of duties;
May perform computer aided drafting work;
May have contacts with the general public and explain basic information related to construction, engineering and survey projects;

FULL PERFORMANCE KNOWLEDGES, SKILLS, ABILITIES, PERSONAL CHARACTERISTICS:

Good knowledge of modern engineering practices and techniques; good knowledge of surveying practices, techniques, tasks, equipment and terminology; working knowledge of the common practices, tools, equipment, terminology and safety precautions associated with construction and **engineering** projects and/or installations to water and wastewater systems; working knowledge of federal, state and local rules and regulations relative to construction **and engineering projects** and/or installations to water and wastewater systems; ability to operate a personal computer and utilize common office software programs including word processing, spreadsheets and databases; ability to organize and maintain accurate records and files; **ability to work with design specifications, drawings, cost estimates and schedules**; ability to analyze and organize data and prepare records and reports; ability to understand and interpret complex oral instructions and/or written directions; ability to establish and maintain effective working relationships with others; ability to communicate effectively both orally and in writing; ability to successfully work with and serve a diverse local community; physical condition commensurate with the demands of the position.

MINIMUM QUALIFICATIONS: Either:

- (a) Possession of an Associate's degree in construction technology, engineering technology or related field; or
- (b) Graduation from high school or possession of a high school equivalency diploma and two (2) years of full-time paid experience, or its part-time paid equivalent, performing technical engineering tasks such as design, drafting, surveying or inspecting highways, buildings or bridges; or
- (c) An equivalent combination of training and experience as defined by the limits of (a) and (b).

Note: College degrees must have been awarded by a college or university accredited by a regional, national, or specialized agency recognized as an accrediting agency by the U.S. Department of Education and/or U.S. Secretary of Education. If an applicant's degree was awarded by an educational institution outside the United States and its territories, the applicant must provide independent verification of equivalency. A list of acceptable companies who provide this service can be found at <https://www.cs.ny.gov/jobseeker/degrees.cfm>. Applicants are responsible for payment of the required evaluation fee.

SPECIAL REQUIREMENT: Possession of a valid New York State Class D driver license or a valid driver license equivalent to a New York State Class D driver license at the time of appointment and maintenance of said license for the duration of employment.

Jurisdiction: City of Ithaca
Jurisdictional Class: Competitive
Adopted: 12/10/2025
Revised: 01/07/2026

PROJECT DIRECTOR – COMMUNITY JUSTICE CENTER

DISTINGUISHING FEATURES OF THE CLASS: The Project Director leads the implementation of the Reimagining Public Safety Collaborative's recommendations and oversees all project activities, including convening, organizing, and collaborating with diverse stakeholders and community members. The Director works closely with the Ithaca Police Department and guides initiatives related to community police relations, engagement, healing, officer wellness, data analysis and transparency, and community resource delivery, while also assessing needs and developing new programs. They serve as the primary point of contact for creating policies, processes, and practices that support equitable public safety and strengthen collaboration between Tompkins County and the City of Ithaca. The role involves managing multiple complex tasks, coordinating resources, and overseeing community resource hubs in both the City of Ithaca and rural Tompkins County. The Project Director must understand the impact of public safety systems, including operations, discipline, and internal investigations, on **minoritized marginalized** community members and develop solutions aligned with plan recommendations, ensuring diversity, equity, inclusion, and justice remain central throughout implementation. Additional duties may include hiring and training staff, managing contracts and fiscal reporting, and providing updates to the City of Ithaca Common Council and County Legislature. The position reports to the Deputy City Manager or designee, supports multiple City and County departments, and supervises the County Data Analyst on a project basis along with any assigned administrative or project support staff. Does related work as required.

TYPICAL WORK ACTIVITIES: (The following activities are listed as examples only and in no event shall an employee be limited to only those examples listed here.)

- Leads implementation of City of Ithaca Reimagining Public Safety Recommendations in partnership with the Ithaca Police Department and the City Manager's Office;
- Operates community resource hubs at locations throughout Tompkins County;
- Supports ongoing data transparency efforts and maintains a comprehensive joint data dashboard;
- Supports the implementation of ongoing Reimagining Public Safety commitments maintained by Tompkins County as directed by the Tompkins County Administration Department;
- Develops and implements comprehensive community engagement policies and strategies to ensure the community engages in all aspects of the implementation process;
- Develops systems and processes timelines for informing elected leaders, staff and community members of plan progress;
- Organizes and facilitates work groups;
- Develops reports and presentations with clarity to ensure understanding at all levels of the community;
- Provides updates and participates in community, regional and statewide public safety efforts on behalf of the Collaborative;
- Provides leadership, guidance, training, and support to internal and external partners in the development and implementation of recommendations;
- Establishes baseline disparity data targets and processes to track and report outcomes;
