III. 2025 HUD Entitlement Grant Action Plan

A. Review of Public Hearing Format

Mendizabal explained the details of the Public Hearing format, noting that IURA staff anticipates availability of \$845,833 in Community Development Block Grant (CDBG) Program funds (including \$160,000 in Program Income) and \$232,000 in HOME Investment Partnerships Program (HOME) funds. Today's meeting will include formal presentations for 8 of the 19 applications received.

- The hearing is part of a competitive funding process for approximately \$1 million in anticipated HUD-related funding, including CDBG and HOME funds (final allocations pending HUD confirmation).
- 19 project applications were submitted, requesting roughly \$1.6 million, exceeding available funds.
- Presentations will be structured with 8 minutes for presenters and 4 minutes for questions from the Board.
- Public commenters will be allotted 3 minutes each.

The chart of all the applications received can be found on the following page:

C. PUBLIC HEARING #1 (Part 2)

On a motion by Osterreich, seconded by Fleming, and unanimously approved, Chair Cantelmo reopened the Public Hearing.

Public Comments

Mendizabal provided the following summary of Public Comments received:

Verbal Comment Received: Five total: Four (4) supporting Project #10 - Floral Avenue Pedestrian & Cycling Safety; one (1) opposing part of Project #2 – Henry St. John Residential Renovations. Verbal comment summaries include an approximate time stamp from the recording of this hearing, which is available at the [City of Ithaca's Public Meetings YouTube channel \(IURA Playlist\)](#).

Written Comment Received: Fifteen total: (14) supporting Floral Avenue; one (1) supporting ADA Improvements.

Craig Byle, City of Ithaca resident and Henry St. John Building tenant, spoke regarding the proposed renovation project affecting the building. Byle emphasized the increasing scarcity of three-bedroom rental units in Ithaca and expressed concern that converting existing units into smaller apartments would reduce housing diversity and negatively impact quality of life. He noted that his apartment is in strong condition and that subdividing existing units could diminish livability. Byle also raised questions regarding the transition to all-electric systems, specifically whether utility costs would be passed on to tenants, and whether projections adequately account for the building's high ceilings and increased heating demand. Byle suggested alternative approaches, including utilizing rooftop space for solar installations or shared gardens, and urged the Board to consider preserving the building's existing character and larger unit sizes.

— ECONOMIC DEVELOPMENT APPLICATIONS —

1. [APPLICATION #7: COORDINATED PATHWAYS TO PERMANENT LOCAL EMPLOYMENT — FINGER LAKES ReUse, INC. \(FLRU\)](#)

Speaker	Affiliation	Comments-in-Brief
Diane Cohen	Finger Lakes ReUse, Inc. (FLRU)	Cohen reviewed FLRU's long-standing partnership with Tompkins County and described the organization's continued growth in donated materials, staffing needs, and workforce development programming. She highlighted the opening of the Cayuga ReUse Center and facility improvements at the Ithaca ReUse Center.
Caren Castleman	Finger Lakes ReUse, Inc. (FLRU)	Castleman described the ReSET (ReUse Skills & Employment) workforce development program, which serves adults facing barriers to employment. The proposal seeks partial funding to support

Speaker	Affiliation	Comments-in-Brief
		training 15 participants and place 10 into permanent employment. Castleman explained merchandise sales cover approximately 70% of trainee wages, with CDBG funds supporting the remainder. Reduced funding would directly affect the number of trainees served.
Erin Fierst	Finger Lakes ReUse, Inc. (FLRU)	
Asia Kanzler	Finger Lakes ReUse, Inc. (FLRU)	Kanzler shared her personal experience as a ReSET participant, describing how access to affordable technology- and job-training led to IT certification and long-term employment. She emphasized the program's role in providing stability, technical skills, and career advancement opportunities for individuals facing economic hardship.

Q&A

Cantelmo asked about the cost-per-job and noted there has historically been frequent misalignment between grantees' job-placement targets and actual outcomes. FLRU's cost-per-job is \$6,500, which is very good, but Cantelmo would like some assurance FLRU's anticipated job-placement targets are realistic. Cohen replied FLRU has historically operated the program with just one workforce coordinator, but FLRU has now doubled its capacity. Both rising local interest in the program and the program team's innate competence/skill-set informed the job-placement target calculation. The program also benefits from a long waiting list. She feels very confident in the accuracy of the job-placement target.

Graham asked what happens with clients who are not placed in jobs. Cohen replied there is a whole range of program participants, due to widely varying life circumstances, so it is inevitable some participants will not be placed. Fierst replied it is a challenge to place everyone in a job, but FLRU does maintain positive, permanent connections with its former clients.

2. APPLICATION #8: HOSPITALITY EMPLOYMENT TRAINING PROGRAM (HETP) — GREATER ITHACA ACTIVITIES CENTER (GIAC)

Speaker	Affiliation	Comments-in-Brief
Lonnie Jenkins	Greater Ithaca Activities Center (GIAC)	Jenkins described HETP's role as a long-standing job-readiness and workforce training program, emphasizing individualized coaching, internships, and wraparound support services. He discussed funding sources, including City funding and other grants, and addressed questions regarding budget allocations reflected in City financial documents. Jenkins explained that stipends are <i>milestone-based</i> and tied to program participation, while internships provide paid,

Speaker	Affiliation	Comments-in-Brief
		on-the-job training opportunities with partner organizations. The program also integrates financial literacy, sustainability, and life skills training.

Q&A

Osterreich asked for clarification regarding stipends and internships, including budgeted amounts and milestone requirements. Jenkins explained stipends are governed by eligibility thresholds; they are not automatic upon enrollment.

Graham asked about stipend structure and milestones tied to classroom participation. Jenkins clarified that stipends require completion of a defined number of program hours and activities.

— PUBLIC SERVICES APPLICATIONS —

3. [APPLICATION #14: IMPROVING ESSENTIAL LOW-COST TRANSPORTATION ACCESS — ITHACA BIKESHARE](#)

Speaker	Affiliation	Comments-in-Brief
Laura Vineyard	Ithaca Bikeshare	Vineyard described Ithaca Bikeshare as a key component of the local multimodal transportation network, providing 24/7 access to over 200 pedal-assisted e-bikes. She emphasized its role in supporting access to employment, groceries, healthcare, and other essential services, particularly for residents without access to personal vehicles. She noted system usage exceeds typical benchmarks, with trips per vehicle (TPV) per day ranging from 1.3 to 2.2 (depending on the season), suggesting continued unmet local demand. The proposal requests funding to purchase 12 additional e-bikes and 8 batteries to improve system availability and reduce wear on existing equipment. Vineyard addressed questions regarding service to low- and moderate-income (LMI) populations, explaining that expanding overall fleet availability directly benefits Easy Access members, who receive 60 minutes of free ride-time daily and account for approximately 25% of daily trips. She noted that strategies to rebalance the geographic configuration of bicycles could be tailored to prioritize key LMI service locations.
Jeff Goodmark	DropMobility.com	Goodmark explained the bikes are purpose-built for shared use, including UL (Underwriters Laboratories) certified batteries, modular components, and integrated GPS and locking systems. Batteries are charged and swapped in the field to maximize uptime. He noted most

Speaker	Affiliation	Comments-in-Brief
		original bikes have logged between 2,750-3,000 miles and continue to perform well.

Q&A

Cantelmo asked about the fleet size, relative to wear-and-tear. Goodmark explained that increasing the number of available bikes lowers usage-per-bike rates and prolongs equipment life.

Osterreich asked about bike sourcing and pricing. Vineyard and Goodmark described the long-standing partnership with Drop Mobility and explained higher-cost fleet bikes provide greater durability and long-term cost efficiency.

Graham asked whether the proposed budget represented the full program cost. Vineyard clarified the request covers only a portion of overall bikeshare operations, specifically tied to fleet expansion for accessibility goals.

4. [APPLICATION #15: BRIDGING THE GAP — SERVICE IN UNITY, INC.](#)

Speaker	Affiliation	Comments-in-Brief
Scott Sherwood	Service in Unity, Inc.	Sherwood described Service in Unity’s staffing-based workforce development model, serving individuals in recovery and those facing significant employment barriers. He emphasized the organization’s partnerships with numerous local social service, healthcare, and justice-involved agencies, which serve as referral sources and informal oversight. Sherwood explained participants are W-2 employees of Service in Unity, with the organization acting as employer-of-record and assuming responsibility for payroll, insurance, and compliance. Partner organizations reimburse Service in Unity for wages and associated employment costs, allowing host organizations to avoid employment risk. He noted the program prioritizes participant well-being and self-determination, with flexible schedules and ongoing employment not constrained by arbitrary end-dates. Sherwood reported the average wage paid through the program is approximately \$22 per hour.

Q&A

Cantelmo asked how expenses would be adjusted if unsecured funding is not received. Sherwood replied administrative costs would first be reduced; and he may also forgo his salary. Participant wages would not be cut.

Osterreich asked for clarification regarding the wages/overhead line items in the budget. Sherwood explained partner organizations pay Service in Unity to cover wages, plus an additional percentage for employment costs and organizational support.

Graham asked about insurance expenses. Sherwood clarified the listed insurance amount reflects liability coverage, while workers' compensation and payroll-related costs are included in indirect overhead.

5. APPLICATION #16: 2-1-1 INFORMATION & REFERRAL HELPLINE WITH HOUSING NAVIGATION — HUMAN SERVICES COALITION OF TOMPKINS COUNTY, INC. (HSC)

Speaker	Affiliation	Comments-in-Brief
John Mazzello	Human Services Coalition of Tompkins County, Inc. (HSC)	Mazzello described 2-1-1 as a comprehensive community navigation service assisting residents in accessing food, housing, transportation, healthcare, and other essential resources. He noted service volume remains approximately 20-25% higher than pre-pandemic levels, with majority of callers residing within the City of Ithaca. The funding request would support portion of staff salaries for core operations, including Contact Center Manager, one full-time specialist, and two part-time specialists. Mazzello explained reduced funding would likely result in reduced staffing availability or increased reliance on contracted services, which would limit capacity for core intake and referral work.
Nicole Roulstin	Human Services Coalition of Tompkins County, Inc. (HSC)	Roulstin described current operational trends and partnerships, including coordination with the Volunteer Income Tax Assistance (VITA) program, medical transportation programs, and transit pass distribution. She noted these partnerships often connect clients to additional services beyond their initial request. She highlighted quality assurance practices, including annual resource verification and routine client surveys, reporting approximately 90% of respondents indicate they received the help they needed.

Q&A

None.

6. APPLICATION #17: MOBILE BIKE REPAIR CLINIC — BIKE WALK TOMPKINS (CENTER FOR COMMUNITY TRANSPORTATION)

Speaker	Affiliation	Comments-in-Brief
Niki Ray-Israelsohn	Bike Walk Tompkins (Center for Community Transportation)	Ray-Israelsohn described Bike Walk Tompkins' mission to promote active transportation and reviewed the operations of Swamp City Community Cycles, which provided hundreds of free/assisted repairs and distributed refurbished bicycles in 2025. Ray-Israelsohn explained prior funding from Assemblymember Anna Kelles had been awarded and nearly fully expended. The present proposal seeks to sustain and expand services through new funding cycle.
Mark Thornton	Bike Walk Tompkins (Center for Community Transportation)	Thornton outlined proposed Mobile Bike Repair Clinic program, which would establish pop-up repair sites at community service locations, like Loaves & Fishes, Department of Social Services (DSS), Opportunities, Alternatives, & Resources of Tompkins County (OAR), and Ithaca Neighborhood Housing Services, Inc.'s (INHS) housing developments. Clinics would provide free preventative maintenance, essential repairs, helmets, lights, locks, and safety education. Program aims to address access barriers posed by limited shop hours and distance from city center. Clinics would be scheduled regularly and coordinated with partner organizations to serve individuals most reliant on bicycles.

Q&A:

Cantelmo asked how the program would scale if partially funded. Ray-Israelsohn replied the number of clinic locations would be reduced, while maintaining regular service schedules at remaining sites.

Osterreich asked about seasonality and potential year-round operations. Ray-Israelsohn explained pop-up clinics are seasonally limited due to outdoor conditions, though the shop itself operates year-round with brief planned closures.

Graham asked whether the \$40,000 in prior funding was secured. Ray-Israelsohn confirmed the funding had been awarded and nearly entirely expended.

7. APPLICATION #18: ENHANCE LOCAL TENANTS RIGHTS — CORNELL COOPERATIVE EXTENSION (CCE)

Speaker	Affiliation	Comments-in-Brief
Chris Skawski	Cornell Cooperative Extension (CCE)	CCE proposed a three-part public education and referral program focused on improving quality of rental housing stock in Ithaca, with a

Speaker	Affiliation	Comments-in-Brief
		particular emphasis on tenant and landlord rights, energy efficiency, and pathways for remediation of common housing issues. PROGRAM COMPONENTS: <u>Public Education</u> ○ Workshops/educational materials focused on housing quality issues. ○ Seasonal workshops, including winter sessions addressing heating concerns and “no heat” emergencies. ○ Education on New York State minimum heat standards and tenant/landlord rights and responsibilities. <u>Direct Referrals</u> ○ Integration of tenant and landlord housing resources into existing CCE programs, including: ▪ Smart Energy Choices/Community Energy Advisors. ▪ Social Care Resource Navigators (Cayuga Health Partnership). ○ Coordination with 2-1-1 to ensure appropriate referral pathways for housing quality concerns. ○ Development of contractor lists and guidance for mold, lead, and other remediation needs. <u>Convening of Housing Stakeholders</u> ○ Host or support convenings of housing service providers, contractors, and other stakeholders. ○ Identify shared pain points and opportunities for system-level improvements. ○ Provide administrative support (minutes, scheduling, coordination). <u>Rationale & Need</u> ○ Approximately 40% of Ithaca housing was built before 1970; ~10% is pre-war. ○ Bringing buildings up to code could reduce home heating emissions by estimated 30%. ○ Median household income in Ithaca is ~\$48,000, qualifying most renters as LMI. ○ Approximately 75% of City residents are renters. <u>Funding & Match</u> ○ Requested dedicated funding to tie together existing CCE programs under tenant protection focus. ○ Matching funds represent portion of the Team Lead’s existing time commitment.

Q&A

Osterreich asked whether there are matching funds for the “Energy and Climate Change Team Lead” and “Community Health Coordinator” budget line-items. Skawski replied the matching funds should have been listed on those lines, also.

Osterreich asked if the services addressing common housing quality issues (e.g., mold, pests, radon, lead) would fall under the Community Health Coordinator role, or if it is more integrated than that. Skawski responded they would be more integrated.

Graham asked if the applicant examined any overlap between what the program proposes and what 2-1-1 currently provides. Skawski replied that is another aspect of the program where scalability would play a role, in terms of direct referrals.

8. APPLICATION #19: ReUSE MATERIALS ACCESS PROGRAM FOR ITHACA HOUSEHOLDS IN NEED (ReMAP) — FINGER LAKES ReUSE, INC. (FLRU)

Speaker	Affiliation	Comments-in-Brief
Diane Cohen	Finger Lakes ReUse, Inc. (FLRU)	ReMAP provides free or deeply discounted reused household materials to individuals and families experiencing material hardship, working through referrals from human service agencies. <u>Key Program Details:</u> • Operating since 2017 (as formalized program). • Served over 4,500 households and provided 890 free deliveries to date. • Network of 45 partner agencies. • Most requested items include furniture, housewares, and technology (i.e., computers, tablets, phones). <u>2025 Outcomes:</u> • 1,036 households served. • \$168,000 in value provided at reuse prices. • 251 free deliveries. • 28% of recipients were transitioning from homelessness to housing. • Due to high demand (86 referrals/mo.), voucher amounts were reduced to \$125 for most recipients. <u>Funding Request & Impact:</u> • Request would support: ○ 120 household gift cards. ○ 60 free deliveries. • Every dollar granted is effectively quadrupled due to low reuse pricing. • FLRU contributes 50% of gift card value and delivery costs in kind.

Speaker	Affiliation	Comments-in-Brief
		<u>Scalability:</u> • Program scales directly with funding levels. • Reduced funding would result in fewer households served rather than program elimination.
Erin Fierst	Finger Lakes ReUse, Inc. (FLRU)	

Q&A

Osterreich asked how the applicant would handle less than the full IURA grant award. Cohen replied the program would be forced to serve a smaller number of people.

On a motion by Osterreich, seconded by Graham, and unanimously approved, Chair Cantelmo adjourned the Public Hearing.

D. Substitute Housing Development Action Grants (HODAG) Funds for CDBG Funding to INHS to Assist 208 W. State Street Project Funded in 2025 Action Plan (Project #1, 2025)

Bohn explained the background of the proposed resolution, noting it has not been reviewed by an IURA Committee:

- Project was not awarded NYS 9% Low-Income Housing Tax Credit (LIHTC) funding this cycle.
- Currently allocated CDBG funds may risk IURA compliance with HUD's CDBG spend-down timeliness rule.
- Proposed Solution: Temporarily substitute HODAG funds to maintain local funding commitment while freeing ~\$79,000 in CDBG funds for current-year projects.
- HODAG funds could later be replaced with future *HOME* or *CDBG* funds if the project secures State funding.

Discussion Highlights:

- This is a temporary accounting/funding swap, consistent with prior IURA practice.
- HODAG funding would maintain INHS competitiveness for State funding applications.
- Loan would not close unless State funding is awarded.
- If needed, HODAG loan could become a long-term (30-year) low-interest loan.

Graham asked if the proposed reallocation is reflected in the existing 2026 Funding Applications Chart. Bohn replied, no.

Cantelmo moved, seconded by Graham:

HUD Entitlement Grant Program — Substitute Housing Development Action Grants (HODAG) for CDBG Funding to Assist INHS' 209 W. State Street Project (Project #1, 2025)

WHEREAS, the 2025 City of Ithaca HUD Entitlement Action Plan allocated \$121,066.60 to assist Ithaca Neighborhood Housing Services, Inc.'s 208 W. State Street project to construct a 56-unit affordable rental housing project to be known as "The Lucy," and

WHEREAS, the City allocation provided for \$42,098.20 from the HOME funding source and \$78,968.40 from the CDBG funding source, and

WHEREAS, INHS submitted a funding application for The Lucy project to the 2025 HCR Multifamily Finance 9% Low Income Housing Tax Credit (LIHTC) Request for Proposals but was not awarded funding assistance, and

WHEREAS, INHS indicates they plan to re-apply for 9% LIHTC assistance in 2026, and

WHEREAS, the next 9% LIHTC RFP is expected to be released in Summer 2026 with awards anticipated to be announced in Spring 2027, and

WHEREAS, the CDBG timeliness test for the CDBG portfolio requires CDBG-assisted projects, on average, to be disbursed within 15 months of the start of the program year for the City to remain compliant, and

WHEREAS, applying the above timeliness test to The Lucy project leads to preferred November 2026 date for disbursing CDBG funds, which cannot be satisfied, and

WHEREAS, issuing a funding commitment from the HoDAG funding source to substitute for the CDBG funding will allow INHS to retain the IURA's funding commitment when resubmitting their application to New York State, and allow allocation of 2025 CDBG funds to a project that can be implemented on a timely basis, and

WHEREAS, if INHS is awarded funding in the 2026 9% LIHTC round, then the 2027 Action Plan can reallocate CDBG or HOME funds to substitute for a HoDAG loan commitment, and

WHEREAS, the IURA administers the HODAG proceeds fund, which originally derived from the 1984 Eddygate Housing Development Grant (#NY009HG401), and had an unobligated fund balance of approximately \$460,000, and

WHEREAS, HODAG proceeds may be used to "support the construction, rehabilitation or operation of real property to be used primarily for low and moderate income residential rental purposes," and

WHEREAS, by IURA policy, the HODAG proceeds are primarily used to make loans to assist affordable rental housing projects that will be repaid in short order to recapitalize the fund to enable the IURA to make additional loans for affordable housing projects; Now, therefore, be it

RESOLVED, the IURA hereby approves a loan to INHS to substitute HoDAG funds for CDBG funds allocated in the 2025 Action Plan subject to the following terms and conditions:

Loan Amount:	Up to \$78,968.40
Borrower:	INHS, or a subsidiary entity controlled by INHS
Use of Funds:	Acquisition of land and construction of an approximately 56-unit affordable housing project located at 209-217 W State Street.
Loan Type:	3-year construction loan followed by a 30-year term loan
Source of Funds:	HODAG proceeds
Loan Term & Interest Rate:	The construction stage loan has a term of up to 36 months at an interest rate of 0% per annum. No payments will be due if the project proceeds to permanent financing within 36 months. If the project does not proceed to permanent financing, then full repayment of the Loan is due 36 months from the Loan Commencement Date. The permanent loan has a 30-year term at an interest rate of 1% per annum, compounded annually, to be paid on a cash-flow contingent basis on each anniversary of the Loan Commencement Date. The principal together with unpaid accrued interest shall be paid in full at the end of the 30-year term.
Conditions:	INHS relinquishes any rights to CDBG funds allocated to the project in the 2025 HUD Action Plan.
Expiration:	Unless expressly waived by the IURA, this loan commitment shall expire if the project is not awarded financial assistance in the 2026 HCR Multifamily Finance 9% LIHTC RFP competition.
Prepayment:	Borrower may repay the loan at any time during the term without penalty.

Collateral:

Subordinate lien on project property

RESOLVED, that the IURA Director of Community Development is authorized to issue a loan commitment in accordance with the terms of this resolution, and be it further

RESOLVED, that the IURA Chairperson, upon the advice of the IURA Attorney, is hereby authorized to execute all necessary and appropriate documents to implement this resolution, including, but not limited to, executing loan agreement documents.

Carried Unanimously: 4-0

D. Preliminary Deliberations

Fleming expressed strong support for the proposed Floral Avenue project.

Graham suggested providing full funding to a *fewer number* of projects. Cantelmo supported that idea.

Other Discussion Items:

- Potential need to reduce individual Public Services project allocations due to limited funding.
- Consideration of fully funding *fewer* programs rather than partially funding many.
- Acknowledgement that final HUD entitlement amounts have not yet been confirmed by HUD.

IV. Review of Meeting Minutes: February 26, 2026 & March 19, 2026

Fleming moved, seconded by Osterreich, to approve the meeting minutes with no modifications.

Carried Unanimously: 4-0

V. Executive Session to Discuss Proposed, Pending or Current Litigation

Cantelmo moved, Graham seconded, to open the Executive Session. No objections were raised.

— EXECUTIVE SESSION —

No action was taken during the Executive Session.

VI. Adjournment

The meeting was adjourned by consensus at 3:36 P.M.

Proposed 2026 Action Plan: City of Ithaca — HUD Entitlement Program

WHEREAS, the City of Ithaca (City) is eligible to receive an annual formula allocation of funds to address community development needs through the U.S. Department of Housing & Urban Development (HUD) Entitlement program from the Community Development Block Grant (CDBG) Program and the HOME Investment Partnerships (HOME) Program funding sources, and

WHEREAS, the City contracts with the Ithaca Urban Renewal Agency (IURA) to administer, implement, and monitor the City's HUD Entitlement Program in compliance with all applicable regulations, and

WHEREAS, on an annual basis, an Action Plan must be submitted to HUD to access HUD Entitlement Program funding allocated to the City, and

WHEREAS, the 2026 Action Plan identifies a specific list of budgeted community development activities to be funded from the 2026 HUD Entitlement Program allocation and associated funds administered by the IURA, and

WHEREAS, the U.S. Department of Housing and Urban Development (HUD) released 2026 CDBG and HOME funding allocations to the City on April 8, 2026, and

WHEREAS, funds to be allocated through the 2026 Action Plan process include the following:

\$715,084.00	CDBG 2026 Allocation
\$160,000.00	CDBG 2026 Projected Program Income
\$6,779.00	CDBG Recaptured/Unallocated (R/U)
\$286,155.57	HOME 2026 Allocation
<u>\$3,333.00</u>	HOME Recaptured/Unallocated (R/U)
\$1,171,135.57	Total, and

WHEREAS, the IURA employed an open and competitive project selection process for development of the 2025 Action Plan in accordance with the City's *Citizen Participation Plan*, and

WHEREAS, public hearings on development of the Action Plan are required both during development of the Action Plan and to review the proposed Action Plan, and

WHEREAS, a two-part public hearing #1 to review 2026 Annual Action Plan proposals was held by the IURA on March 19, 2026, and March 26, 2026, and

WHEREAS, on April 14, 2026, the IURA Economic Development Committee endorsed the Neighborhood Investment Committee's recommended 2026 Action Plan, and

WHEREAS, a second public hearing will be held by Common Council following publication of the proposed 2026 Action Plan; now, therefore, be it

RESOLVED, that the IURA hereby adopts the attached summary table titled “IURA Neighborhood Investment Committee Recommended 2026 Action Plan, City of Ithaca, NY,” dated April 20, 2026, as the proposed 2026 Action Plan, and forwards it to the City of Ithaca Common Council for review and approval for allocating the 2026 HUD Entitlement Program award, along with associated funds listed above; and be it further

RESOLVED, that IURA staff is hereby authorized to make non-substantive adjustments to allocation amounts to fully assign all funds available down to the penny and correct any mathematical errors, and be it further

RESOLVED, that the Urban Renewal Plan shall be amended to include activities funded in the adopted 2026 Action Plan.

ASSISTANT SECRETARY FOR
COMMUNITY PLANNING AND DEVELOPMENT

U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT
WASHINGTON, DC 20410-7000

April 6, 2026

Honorable Robert G. Cantelmo
Mayor of Ithaca
City Hall
108 East Street
Ithaca, NY 14850

Dear Mayor Cantelmo,

Secretary Scott Turner is committed to improving housing opportunities, reducing regulations to lower housing cost, and expanding housing supply for hardworking Americans. The nationwide shortage of rental and owner-occupied properties and the current rate of construction have not kept pace with the demand. This lack of adequate housing supply leads to higher prices for renters and homebuyers alike, forcing some into homelessness and preventing countless Americans from becoming homeowners. Across the country, partnerships between public and private sectors are providing millions of Americans an opportunity to get ahead. HUD is determined to continue its collaboration with you so programs are responsibly utilized and can spark additional leveraging and partnerships to address the nation's housing challenges.

As authorized by the Consolidated Appropriations Act (Public Law 119-75) on February 3, 2026, I am honored and excited to announce that your jurisdiction is receiving the following Fiscal Year 2026 allocations for the identified programs:

Community Development Block Grant (CDBG) \$715,084.00

HOME Investment Partnerships Program (HOME) \$286,155.57

Emergency Solutions Grants (ESG) \$ 0.00

Housing Opportunities for Persons With AIDS (HOPWA) \$ 0.00

Recovery Housing Program (RHP) \$ 0.00

In addition, your jurisdiction's CDBG allocation for this year provides you with \$3,575,420.00 in available Section 108 loan guarantee borrowing authority. Section 108 permits you to borrow up to five times of your current CDBG allocation. This loan allows jurisdictions to maximize access to low-interest capital, and provide long-term financing to invest in Opportunity Zones, or further address gap financing for big projects that you envision for your community.

As you are finalizing your Annual Action Plans or Consolidated Plans that are due for submission to our office by August 16, 2026, please be reminded that it is important to align with

applicable laws and executive orders. If you or any member of your staff have questions, please do not hesitate to contact your local HUD Field Office in Ithaca, NY or CPDGDAS@hud.gov.

Thank you for your interest in CPD programs and for ensuring that these dollars are responsibly achieving outcomes as intended by law. When people have a safe and stable place to call home, they can focus on contributing to the economy and be productive members of their respective communities.

Sincerely,

Approval of 2025 IURA Financial Audit Report

WHEREAS, the Ithaca Urban Renewal Agency (IURA) derives the majority of its finances from grants awarded to the City of Ithaca, and

WHEREAS, for financial reporting purposes, the IURA is a blended component unit of the City of Ithaca whose financial activity is reported in the Special Grant Fund, a governmental fund of the City of Ithaca financial statements, and

WHEREAS, the IURA contracts separately from the City to have its finances audited within 90 days of the end of its fiscal year to comply with the Public Authorities Accountability Act, and

WHEREAS, the IURA received an audited 2025 IURA financial report on April 3, 2026, and

WHEREAS, at its April 17, 2026 meeting, the IURA Governance Committee reviewed the financial report and attached correspondence; now, therefore, be it

RESOLVED, the IURA hereby approves the Financial Report of the Ithaca Urban Renewal Agency for the period January 1, 2025 through December 31, 2025, prepared by the accounting firm of Insero & Co. CPAs LLP.

**COMMUNICATION WITH THOSE CHARGED WITH GOVERNANCE
AT THE CONCLUSION OF THE AUDIT**

Board of Directors
Ithaca Urban Renewal Agency
Ithaca, New York

We have audited the financial statements of the Ithaca Urban Renewal Agency (the Agency), a blended component unit of the City of Ithaca, whose activity is reported in the Special Grant Fund, a governmental fund in the City of Ithaca's financial statements, for the year ended December 31, 2025, and have issued our report thereon dated April 3, 2026. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards and *Government Auditing Standards*, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated December 12, 2025. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Agency are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2025. We noted no transactions entered into by the Agency during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. There were no sensitive estimates affecting the Agency's financial statements.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

The disclosures related to loans receivable in Note 4 to the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. No such misstatements were detected as the result of audit procedures.

Disagreements With Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated April 3, 2026.

Management Consultations With Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Agency's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Agency's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

We applied certain limited procedures to the Management's Discussion and Analysis, which is required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of the Ithaca Urban Renewal Agency (the Agency), a blended component unit of the City of Ithaca, whose activity is reported in the Special Grant Fund, a governmental fund in the City of Ithaca's financial statements, as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the fund information of the Ithaca Urban Renewal Agency, as of December 31, 2025, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Agency and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter

As discussed in Note 1, the financial statements present only the Special Grant Fund and do not purport to, and do not, present fairly the financial position of the City of Ithaca, as of December 31, 2025, the changes in its financial position, or, where applicable, its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Agency's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Agency's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America requires that the Management's Discussion and Analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated April 3, 2026, on our consideration of the Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Agency's internal control over financial reporting and compliance.

Other Reporting Required by New York State Public Authorities Law

We have also issued our report dated April 3, 2026 on our consideration of the Agency's compliance with §2925(3)(f) of the New York State Public Authorities Law. The purpose of that report is to describe anything that came to our attention that caused us to believe the Agency failed to comply with the Agency's Investment Guidelines, the New York State Comptroller's Investment Guidelines, and §2925(3)(f) of the New York State Public Authorities Law.

ITHACA URBAN RENEWAL AGENCY

MANAGEMENT'S DISCUSSION AND ANALYSIS DECEMBER 31, 2025

The following is a discussion and analysis of the Ithaca Urban Renewal Agency's (the Agency) financial performance for the fiscal year ended December 31, 2025. The Agency is a blended component unit reported in the Special Grant Fund, a special revenue fund of the City of Ithaca. This section is a summary of the Agency's financial activities based on currently known facts, decisions, or conditions. The Management's Discussion and Analysis (MD&A) section is only an introduction and should be read in conjunction with the Agency's financial statements, which immediately follow this section.

The Ithaca Urban Renewal Agency is a public benefit corporation established in 1965 as an urban renewal agency. The Agency has a corporate identity separate from the City and works in close conjunction with the City to revitalize urban neighborhoods and strengthen the local economy. The Agency is composed of the Mayor and four members appointed by the Mayor with the concurring approval of the Common Council. The Director of Planning and Development for the City of Ithaca serves as the Executive Director of the Agency.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report consists of two parts: MD&A (this section) and the financial statements of the Special Grant Fund.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data.

Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balance

The Agency's financial statements include the Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balance, and they are reported using the modified accrual basis of accounting. Under this basis of accounting, revenues are recorded when measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Material revenues that are accrued include state and federal aid. Revenues deemed collectible within one year after year end are recognized as revenues in the current year. If expenditures are the prime factor for determining eligibility, revenues from federal and state grants are accrued when the expenditure is made.

Expenditures are recorded when incurred. The cost of capital assets is recognized as an expenditure when received. Exceptions to this general rule are that 1) principal and interest on indebtedness are not recognized as an expenditure until due; and 2) compensated absences, such as vacation and sick leave, which vest or accumulate, are charged as an expenditure when paid.

MANAGEMENT'S DISCUSSION AND ANALYSIS DECEMBER 31, 2025

FINANCIAL ANALYSIS

The Agency's fund balance increased by \$129,191 for the year ended December 31, 2025, compared to a \$94,123 increase in 2024. Fund balance grew due to the decrease in expenditures, offset somewhat by lower revenues. Our analysis below focuses on the fund balance (*Figure 1*) and changes in fund balance (*Figure 2*) of the Agency's fund.

MANAGEMENT'S DISCUSSION AND ANALYSIS DECEMBER 31, 2025

Grant income from the City of Ithaca is determined by the level of funding of the City's HOME and CDBG programs by HUD. The Agency continues to create program income from federal funds that no longer have ongoing federal compliance requirements and uses these funds to further economic development in the City. Departmental income was down because there were less payments of principal and interest on loans receivable. Home and community service expenditures decreased overall due to decreased federal activity.

FACTORS BEARING ON THE AGENCY'S FUTURE

The Agency is navigating reduced real federal funding available to support Agency operations while facing annual inflationary increases in operating expenses. These fiscal trends require the Agency to rely on other lines of business to balance its administrative budget. An operating deficit of \$60,000 is anticipated in 2026.

For the past 25 years the Agency has followed prudent budgeting practices resulting in an approximately \$1.9 million fund balance, of which over \$500,000 is unrestricted and available to support any shortfall in the administrative budget.

Budgeted administrative expenses of \$461,000 in 2025 have increased 20% since 2020, less than the 25% Consumer Price Index (CPI) increase over the same 5-year period, indicating that the Agency has controlled expenses. Health insurance expenses continue to outpace inflation and have been offset by reduced contracted legal expenses. In total, 86% of the operating budget supports personnel expenses for the 3.63 FTE staff, which staffing level is necessary to meet its contractual obligations and administrative duties.

The Agency receives revenues from the following major lines of business:

1. Grant Administration of the City of Ithaca's HUD Entitlement grant program
2. Operation of a small business and rental housing loan program
3. Leasing a small portfolio of real property
4. Undertaking urban renewal projects through acquisition and sale/lease of real property
5. Providing Agency staff professional services to the city

The Agency budget faces a continuation of flat HUD Entitlement administrative grant funding over a prolonged period of years while inflation increases all operating expenses. Going forward, annual CDBG/HOME funding is expected to equal 33% of the operating budget, down from a historical average of 45%. The Agency is fortunate to have access to one-time HOME-ARP administrative funds, which will contribute \$50K to both 2026 and 2027 budgets. This supplemental funding will be exhausted by 2028.

While the current federal administration sought to defund the HUD Entitlement Grant program entirely in 2026, the final appropriation adopted in February 2026 provides level funding to the program reflecting strong bipartisan support for continued funding of the HUD Entitlement Program.

ITHACA URBAN RENEWAL AGENCY

MANAGEMENT'S DISCUSSION AND ANALYSIS DECEMBER 31, 2025

Management of loan and lease portfolios is anticipated to generate revenue growth commensurate with inflation.

Urban renewal projects often take multiple years to complete as property is offered for sale/lease, a project sponsor is selected, terms are negotiated, a disposition and development agreement is approved, project financing is finalized, and property conveyance is completed. When the project involves real property owned by the Agency, the financial benefit to the Agency is often deferred until conveyance of the property is completed to reimburse upfront costs. When the City seeks Agency participation to redevelop a city-owned property, Agency expenses incurred are reimbursed as a lump sum in the following fiscal year.

There are four potential urban renewal projects in the pipeline, including Agency-owned development sites at Inlet Island and Cherry Street Extension. Recently, two City-sponsored urban renewal projects have been identified as strong candidates for redevelopment. Agency staff time and out-of-pocket expenses will be reimbursed if these projects advance as anticipated through the Agency for property disposition. Urban renewal activity is time-intensive for Agency staff and can be expected to generate approximately \$40,000 in reimbursed expenses per year for a major redevelopment project.

Historically, the Agency staff has assisted the City on projects that align with the Agency mission but have not always received compensation for its services. Going forward, the City has indicated strong interest in compensating the Agency for staff time incurred on certain City-initiated projects involving land acquisition, city facility master planning, the Community Development Housing Fund, development of a housing strategy, and addressing homeless encampments on public property. A draft MOU between the Agency and the City was drafted by the City to reimburse the Agency for staff time incurred on selected joint projects. This MOU is anticipated to generate \$30,000 in additional Agency revenue in 2026.

Summary

Going forward, the Agency anticipates that revenues from administering the City's HUD Entitlement grant program will continue to erode in real terms. The Agency will make up for this reduction in revenues by accelerating its other lines of business, especially urban renewal projects and an MOU with the City to reimburse professional staff expenses incurred for joint City/Agency projects.

The future Agency budget will increasingly rely on revenues derived from urban renewal projects involving the disposition of real property and reimbursed fees for services provided to the City of Ithaca. Should there be a shortfall in future years, funds can be drawn from the existing unrestricted cash accounts exceeding \$500,000.

ITHACA URBAN RENEWAL AGENCY

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2025

***Note 1* Summary of Significant Accounting Policies**

The financial statements of the Ithaca Urban Renewal Agency (the Agency), a blended component unit of the City of Ithaca (the City) have been prepared in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

Financial Reporting Entity

The Ithaca Urban Renewal Agency is a public benefit corporation established in 1965 as an urban renewal agency. The Agency has a corporate identity separate from the City and works in close conjunction with the City to revitalize urban neighborhoods and strengthen the local economy. The Agency is composed of the Mayor and four members appointed by the Mayor with the concurring approval of the Common Council. The Director of Planning and Development for the City of Ithaca serves as the Executive Director of the Agency.

Through a variety of means, including site acquisition and disposition, the Agency works to implement the Urban Renewal Plan that seeks to stabilize neighborhoods and enhance the vitality of the downtown and community. Through the City, the Agency applies for and receives various grants to address community development needs. On an annual basis, the Agency manages the City's HUD Entitlement Grant award of Community Development Block Grant (CDBG) and Home Investment Partnerships Program (HOME) funds to undertake activities in the areas of housing, community facilities, public services, and economic development that benefit Ithaca's low- and moderate-income neighborhoods and households or eliminate blighting conditions. In addition, the Agency administers various economic development loan programs, the Cherry Street Industrial Park, and leases to facilitate private/public real estate projects.

The City is ultimately responsible for the proper disposition of grant funds and any debt incurred by the Agency. Because of the close governing, administrative, and financial relationship with the City, the Agency is considered to be a component unit of the City for financial reporting purposes, and the Agency's financial information presented here is to be presented within the City's financial statements as the Special Grant Fund as of December 31, 2025 and for the year then ended.

Basic Financial Statements

The Agency's basic financial statements include governmental fund financial statements. The financial transactions of the Agency are reported as a Special Revenue Fund in the governmental fund financial statements of the City. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

***Note 1* Summary of Significant Accounting Policies - Continued**

Basis of Accounting/Measurement Focus

Basis of accounting refers to when revenues and expenditures and the related assets and liabilities are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus. Measurement focus is the determination of what is measured, such as expenditures or expenses. The Agency reports on the modified accrual basis of accounting.

Modified Accrual Basis - Under this basis of accounting, revenues are recorded when measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Material revenues that are accrued include state and federal aid. Revenues deemed collectible within one year after year end are recognized as revenues in the current year. If expenditures are the prime factor for determining eligibility, revenues from federal and state grants are accrued when the expenditure is made.

Expenditures are recorded when incurred. The cost of capital assets is recognized as an expenditure when received. Exceptions to this general rule are that 1) principal and interest on indebtedness are not recognized as an expenditure until due; and 2) compensated absences, such as vacation and sick leave, which vest or accumulate, are charged as an expenditure when paid.

Budgetary Compliance

An annual legal budget is not adopted for the Special Grant Fund. Budgetary controls for the Special Grant Fund are established in accordance with applicable grant agreements.

Deferred Inflows of Resources

In addition to liabilities, the Balance Sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The government has only one type of item, which arises only under a modified accrual basis of accounting that qualifies for reporting in this category. Accordingly, the item, *unavailable revenue*, is reported in the governmental fund balance sheet. The Governmental Fund reports unavailable revenues from loans receivable. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

ITHACA URBAN RENEWAL AGENCY

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2025

***Note 1* Summary of Significant Accounting Policies - Continued**

Loans Receivable

Loans receivable represent amounts owed to the Agency for rehabilitation and economic development loans. Loans receivable are offset by unavailable revenue in the same amount. Because the loans are offset by unavailable revenue, no provision has been made for uncollectible accounts reported as loans receivable.

Cash and Cash Equivalents

For financial statement purposes, all highly liquid investments with initial maturities of three months or less are considered cash equivalents.

Compensated Absences

In the event of termination or upon retirement, an employee is entitled to payment for accumulated vacation time above a certain number of hours and unused compensated absences.

Insurance

The City assumes the liability for most risk including, but not limited to, property damage and personal injury liability. Judgments and claims are recorded when it is probable that an asset has been impaired, or a liability has been incurred, and the amount of loss can be reasonably estimated.

Use of Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from those estimates.

Restricted Resources

When an expense is incurred for purposes for which both restricted and unrestricted net assets are available, it is the Agency's policy to apply restricted funds before unrestricted funds, unless otherwise prohibited by legal requirements.

Equity Classifications

Constraints are broken into five classifications: nonspendable, restricted, committed, assigned, and unassigned. These classifications serve to inform readers of the financial statements of the extent to which the government is bound to honor any constraints on specific purposes for which resources in a fund can be spent.

- **Nonspendable:** Consists of assets inherently nonspendable in the current period either because of their form or because they must be maintained intact; including prepaid items, inventories, long-term portions of loans receivable, financial assets held for resale, and endowments principal.

ITHACA URBAN RENEWAL AGENCY

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2025

***Note 1* Summary of Significant Accounting Policies - Continued**

Equity Classifications - Continued

- Restricted: Consists of amounts subject to legal purpose restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments and enforced externally or through constitutional provisions or enabling legislation.
- Committed: Consists of amounts subject to a purpose constraint imposed by formal action of the government's highest level of decision-making authority prior to the end of the fiscal year and requires the same level of formal action to remove said constraint.
- Assigned: Consists of amounts subject to a purpose constraint representing an intended use established by the government's highest level of decision-making authority, or their designated body or official. The purpose of the assignment must be narrower than the purpose of the General Fund. In funds other than the General Fund, assigned fund balance represents the residual amount of fund balance.
- Unassigned: Represents the residual classification of the government's General Fund and could report a surplus or deficit. In funds other than the General Fund, the unassigned classification should only be used to report a deficit balance resulting from overspending amounts restricted, committed, or assigned for specific purposes.

The Agency has not adopted any resolutions to commit fund balance. The Agency's policy is to apply expenditures against nonspendable fund balance, restricted fund balance, committed fund balance, and assigned fund balance. Because the Agency's activities are restricted to economic development, remaining fund balance is reported as restricted.

New Accounting Standards

The Agency adopted and implemented the following current Statements of the GASB effective for the year ended December 31, 2025.

- GASB has issued Statement No. 102, "Certain Risk Disclosures," effective for the year ended December 31, 2025.

Future Changes in Accounting Standards

- GASB has issued Statement No. 103, "Financial Reporting Model Improvements," effective for the year ending December 31, 2026.
- GASB has issued Statement No. 104, "Disclosure of Certain Capital Assets," effective for the year ending December 31, 2026.

Agency management will evaluate the impact future pronouncements may have on its financial statements and will implement as applicable when material.

ITHACA URBAN RENEWAL AGENCY

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2025

***Note 2* Cash and Investments**

The Agency's investment policies are governed by State statutes. In addition, the Agency has its own written investment policy. Agency monies must be deposited in Federal Deposit Insurance Corporation (FDIC) insured commercial banks, trust companies, or credit unions located within the State, preferably located within the City of Ithaca and the urban renewal project boundary area. The Agency is authorized to use demand accounts and certificates of deposit. Permissible investments include obligations of the U.S. Treasury.

Collateral is required for demand and time deposits and certificates of deposit not covered by federal deposit insurance. Obligations that may be pledged as collateral are obligations of the United States and its agencies and obligations of the State and its municipalities and school districts.

Deposits and investments are valued at cost or cost plus interest. Total financial institution (bank) balances at December 31, 2025 were \$2,085,128, which were insured, and collateral, when required, was held by the Agency's agent in the Agency's name. Cash in the amount of \$1,961,436 is reported as restricted and represents the amount of restricted fund balance.

***Note 3* Other Receivables**

Other receivables at December 31, 2025 are as follows:

Reimbursements	<u>\$ 15,775</u>
Total	<u>\$ 15,775</u>

***Note 4* Loans Receivable**

Loans receivable consist of various economic development loans with ranging terms and interest rates. \$531,000 of the loans at December 31, 2025 will be forgiven over time as long as certain conditions are met by the loan recipient. Activity in loans receivable during the year follows:

Balance December 31, 2024	\$ 6,084,101
Interest Accrued	49,044
Loans Issued	100,000
Loans Written Off/Forgiven	(301,868)
Loan Payments	<u>(289,070)</u>
Balance December 31, 2025	<u>\$ 5,642,207</u>

ITHACA URBAN RENEWAL AGENCY

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2025

Note 5* **Compensated Absences*

Represents the value of the earned and unused portion of time accrued prior to December 31, 2025 that will be paid in the subsequent period. For the year ended December 31, 2025, the amount of compensated absence liability was \$27,560.

Note 6* **Simplified Employee Pension Plan*

The Agency sponsors a Simplified Employee Pension Plan which covers all full-time and part-time employees. Contributions to the Plan are determined annually by the Board of Directors. For the year ended December 31, 2025, the amount of pension expense was \$31,180, 11.0% of total gross payroll.

Note 7* **Concentrations - Significant Sources of Revenues*

During the year ended December 31, 2025, the Agency received \$852,001, or 57.0% of its total revenue, from U.S. Department of Housing and Urban Development grants.

Financial Concentrations and Constraints

The Agency has reviewed its concentrations and constraints in accordance with GASB Statement No. 102, "Certain Risk Disclosures." Based on this review, no events associated with said concentrations or constraints have been identified that are more likely than not to cause a substantial impact requiring additional disclosure.

Note 8* **Summary of Significant Commitments and Contingencies*

General Information

The Agency is exposed to various risks of loss related to, but not limited to, torts, theft of, damage to, and destruction of assets, injuries to employees, errors and omissions, and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. Settled claims from these risks have not exceeded commercial insurance coverage for the past three years.

State and Federally Assisted Programs

The Agency receives state and federal grants through the City. These grants are generally conditioned on compliance with certain statutory, regulatory, and/or contractual requirements. The Agency makes every effort to comply with all applicable requirements. However, because these grants are audited from time to time, it is possible that the Agency or the City will be required, upon audit, to repay portions of the grant monies received and recorded as revenue in a prior year. Agency and City officials do not anticipate material grant-in-aid disallowances, and no provision, therefore, is reflected in the basic financial statements.

Note 9* **Related Party Transactions*

The City is reimbursed for projects funded through federal grants administered by the Agency. At December 31, 2025, the Agency owed the City \$136,431 in reimbursements. This amount is included in accounts payable on the accompanying financial statements.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board of Directors
Ithaca Urban Renewal Agency
Ithaca, New York

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Ithaca Urban Renewal Agency (the Agency), a blended component unit of the City of Ithaca, whose activity is reported in the Special Grant Fund, a governmental fund in the City of Ithaca's financial statements, as of and for the year ended December 31, 2025, and related notes to the basic financial statements, and have issued our report thereon dated April 3, 2026.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Agency's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Agency's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Agency's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Agency's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Agency's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH
§2925(3)(f) OF THE NEW YORK STATE PUBLIC AUTHORITIES LAW**

Board of Directors
Ithaca Urban Renewal Agency
Ithaca, New York

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the Ithaca Urban Renewal Agency (the Agency), a blended component unit of the City of Ithaca, as of and for the year ended December 31, 2025, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements, and have issued our opinion thereon dated April 3, 2026.

In connection with our audit, nothing came to our attention that caused us to believe the Agency failed to comply with the Agency's Investment Guidelines, the New York State Comptroller's Investment Guidelines, or §2925(3)(f) of the New York State Public Authorities Law (collectively, Investment Guidelines), which are the responsibility of the Agency's management, insofar as they relate to the financial accounting knowledge of noncompliance with such Investment Guidelines.

This communication is intended solely for the information and use of the Board of Directors and management of the Ithaca Urban Renewal Agency, and the Office of the Comptroller of the State of New York and is not intended to be, and should not be, used by anyone other than these specified parties.

MANAGEMENT COMMENT LETTER

Board of Directors
Ithaca Urban Renewal Agency
Ithaca, New York

In planning and performing our audit of the financial statements of the Ithaca Urban Renewal Agency (the Agency), a blended component unit of the City of Ithaca, as of and for the year ended December 31, 2025, in accordance with auditing standards generally accepted in the United States of America, we considered the internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Agency's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

We would like to thank you and your staff for the cooperation and support given to us during the course of the audit. We appreciate the opportunity to be of service to you and look forward to our continued involvement.

Proposed Resolution
Ithaca Urban Renewal Agency
April 23, 2026

Approval of IURA Investment Guidelines

WHEREAS, pursuant to the Public Authorities Accountability Act, as amended, the IURA is required on an annual basis to review its investment guidelines and report, and

WHEREAS, the IURA originally adopted Investment Guidelines on March 25, 2011, and

WHEREAS, the Director of Community Development prepared an annual 2025 IURA Investment Report, and

WHEREAS, at their April 17, 2026 meeting, the IURA Governance Committee reviewed the IURA Investment Guidelines and the 2025 Investment Report; now, therefore, be it

RESOLVED, that the IURA hereby reaffirms its approval of the IURA Investment Guidelines.

Ithaca Urban Renewal Agency Investment Guidelines

Public Authorities Law (PAL) requires each public benefit corporation to adopt investment guidelines regarding the investing, monitoring and reporting of funds of the corporation and annually review and approve such guidelines (section 2925 of PAL).

Investing

The primary investment objective for managing funds of the IURA is to preserve capital and comply with all applicable regulations and requirements pertaining to the funds managed. A secondary investment objective is to maximize interest earned on monies managed by the IURA. A tertiary investment objective is to deposit investment funds in qualified financial institutions that meet the financial needs of residents and businesses within the IURA service area. An additional consideration is ease of administration and services offered by depository institutions, such as the availability of internet banking, including on-line documentation of cancelled checks and account balances, and free wire transfers.

Because the IURA acts as a pass-through of grant funds from federal agencies to end users, the grant funding source agency may establish special requirements for management of such funds. For instance, the US Department of Housing & Urban Development requires that all bank interest earned on HUD funds be remitted to the US Treasury annually.

Agency monies may be invested in obligations of the US Treasury or deposited in federally insured commercial banks, trust companies, or credit unions, preferably institutions located within the City of Ithaca and the urban renewal project boundary area. Agency monies may be deposited in the above-listed institutions in demand accounts and certificates of deposit.

Collateral is required for demand deposits and certificates of deposit at a minimum of 100% of all deposits not covered by federal deposit insurance. Obligations that may be pledged as collateral are obligations of the United States and its agencies and obligations of New York State and its municipalities and school districts.

Signatories on deposit accounts shall be designated by resolution of the IURA. Only a designated signatory is authorized to establish investment accounts. Two signatures of designated signatories shall be required on all checks issued by the IURA.

Monitoring

Investment statements shall be reconciled with the general ledger on a monthly basis. The reconciliation shall be reviewed by staff to verify that the investment statements and the IURA balance sheet match on a monthly basis.

No less than annually, the Agency shall review its investment guidelines and its investments.

Reporting

An independent auditor shall review IURA investments on an annual basis as part of the independent audit of financial statements. The IURA shall review the independent audit and address any recommendations, concerns or findings.

Ithaca Urban Renewal Agency Investment Report

2025 Investment Report

2025 investments by the Ithaca Urban Renewal Agency (IURA) comply with the adopted IURA investment guidelines. All 2025 investments were deposited at Tompkins Community Bank (formerly known as Tompkins Trust Company), a FDIC-insured bank located within the Ithaca Urban Renewal Project Boundary Area.

IURA bank deposits totaled \$2,085,126.33 as of 12/31/25 and are divided between six savings accounts and one checking account. \$250,000 of this investment amount is covered by FDIC insurance with the remaining \$1,835,126.33 collateralized through a Tri-Party Collateral Agreement among the IURA, Tompkins Community Bank and The Bank of New York Mellon.

Obligations held as collateral in the Tri-Party Collateral Agreement are obligations of the United States and its agencies and obligations of the state, its municipalities and its school districts. The market value of the pledged collateral was \$1,835,126.37 as of 12/31/25, which satisfies the IURA investment policy that requires the value of collateral pledged must equal at least 100% of deposits not covered by federal deposit insurance.

Proposed Resolution
Ithaca Urban Renewal Agency Committee
April 23, 2026

1st Amendment to Independent Contractor Agreement for Accounting Services - Moore

WHEREAS, on February 26, 2026, the IURA authorized an independent contract agreement for full charge accounting services with Amber Moore, at a rate of \$57/hour, and

WHEREAS, the vast majority of accounting work can be completed remotely now that the Agency has converted to an on-line accounting software, and

WHEREAS, during the transition process from a staff accountant to an independent contractor it became clear to IURA management that the preparation of HUD drawdowns and issuance of checks is most effective and efficient if the independent contractor periodically delivers documents in-person, and

WHEREAS, the independent contract agreement did not consider any reimbursement for travel, and

WHEREAS, IURA management recommends a contract amendment to provide a mileage reimbursement for required in-office deliveries to facilitate timely HUD drawdowns and check issuance, and

WHEREAS, the IURA Governance Committee discussed this matter at their April 17, 2026 meeting; now, therefore, be it

RESOLVED, that the IURA Chairperson is hereby authorized, subject to review by IURA legal counsel, to execute the first amendment to the independent contract agreement for accounting services with Amber Moore to require in-person delivery of HUD drawdown documents, checks to be issued, and financial audit preparation documents, and to reimburse mileage at the applicable IRS rate for required in-person deliveries to the IURA office.

MEMORANDUM

TO: Common Council
FROM: Mayor Robert Cantelmo & Acting City Manager, Dominick Recckio
DATE: April 8, 2026
RE: City Policy Priorities
ITEM #: 5.6

Resolution Establishing City Policy Priorities for Executive Administration 2026.

[CC-Master_Priorities_Resolution_Finalized.pdf](#)

Resolution Establishing City Policy Priorities for Executive Administration 2026

WHEREAS, the City of Ithaca operates under a Mayor-Council-Manager form of government, in which the city manager serves as the responsible party for the daily administration of government and the policies and directives of the mayor and Common Council; and

WHEREAS, on September 3, 2025 the Common Council adopted the vision statements and strategic goals drafted by the Mayor's advisory committees on legislative policy (Appendix A); and

WHEREAS, the Mayor was charged by Council to work with the administration to develop and bring forward draft proposals, amendments to existing laws, and policy briefings for consideration of the Common Council that reflects said adopted findings; and

WHEREAS, on December 3, 2025 the Mayor designated and Council affirmed that Deputy City Manager Recckio as Acting City Manager effective January 1, 2026 and charged the Acting City Manager to "deliver and implement, in consultation with the mayor, a 2026 Executive Workplan for Common Council's legislative priorities and direction, aligning departmental goals, identifying responsible staff and timelines. After approval by Common Council, the acting city manager shall provide quarterly administrative performance reports summarizing departmental outcomes, project milestones, and progress toward legislative objectives;" and

WHEREAS, Council committed, in that authorizing resolution, to adopting policy priorities to guide the 2026 Executive Workplan no later than February 2026, but required additional time to confer, deliberate, and prioritize; and

WHEREAS, the Mayoral advisory groups have circulated memoranda to relevant city departments and received their feedback about bandwidth, achievability, and scope; and

WHEREAS, the Mayor has refined the items within each advisory memo in consultation with the Acting City Manager to ensure they are Specific, Measurable, Achievable, Relevant, and Time-bound for 2026 and, as appropriate, the 2027 budgeting process; now therefore be it

RESOLVED, that the Acting City Manager will take all appropriate steps to implement and administer the policy goals of the City of Ithaca stated in this resolution; and be it further

RESOLVED, that the Acting City Manager, in consultation with the Mayor, will develop, deliver, and implement, after adoption by the Common Council, an executive workplan with quarterly quantitative and qualitative performance updates, pursuant to the procedures and requirements outlined in "Resolution of the Common Council of the City of Ithaca Establishing Oversight and Performance Reporting Protocols for the Acting City Manager" (December 3, 2025); and be it further

RESOLVED, that the executive workplan shall be structured to include, for each priority in this resolution, Specific, Measurable, Achievable, Relevant, and Time-bound goals; quarterly milestones; the lead department or responsible official; and performance measures for outputs and policy outcomes that can be objectively evaluated and transparently tracked by the Mayor, Common Council, and the public, and that quarterly performance updates shall identify progress made, missed milestones, reasons for delay, and corrective actions, and any policy or resource decisions needed from the Mayor or Common Council; and be it further

RESOLVED, that progress toward the goals and milestones contained in the executive workplan and quarterly performance updates shall inform the Mayor and Common Council's ongoing evaluation of administrative performance and progress toward adopted legislative priorities; and be it further

RESOLVED, that this resolution take effect upon adoption; and be it finally

RESOLVED, that the Mayor and Common Council adopt the following legislative priorities for 2026-2027:::

A. Housing

- a. It is the policy of the City to establish a citywide policy requiring minimum residential densities of 20 dwelling units per acre in designated urban core areas and 10 dwelling units per acre in urban edge areas. These density targets may be implemented through, without limitation, zoning amendments, code modifications, and planning documents to support housing affordability, sustainability, and long-term growth. This policy is consistent with the 2015 Comprehensive Plan¹ and supersedes any conflicting prior policy guidance.
- b. Request that the Zoning Advisory Committee recommend to the Mayor and Common Council a comprehensive zoning reform package to modernize land use regulations in alignment with adopted housing, equity, and sustainability goals to promote density goals, middle housing, by-right development, parking mandate reform or abolition, and affordable housing and cooperative ownership incentives.
- c. Prepare and submit for the consideration of the Mayor and Common Council Objective Design Standards and associated administrative reforms that shift residential and mixed-use development toward predictable, ministerial approval processes and limit discretionary review processes and establish predictable timelines.

B. Economic & Community Development

- a. It is the policy of the City to advance focused planning and coordination efforts to support revitalization of the West MLK Street Corridor, including assessment of land use conditions, infrastructure needs, business mix, and barriers to reinvestment. Emphasize community engagement, alignment with housing and transportation initiatives, and identification of near-term public actions that can catalyze private and nonprofit investment; and
- b. Prepare and submit for the consideration of the Mayor and Common Council code modernization and streamlining efforts to reduce barriers to business formation, expansion, and redevelopment, particularly for small businesses, locally owned enterprises, and neighborhood-level commercial nodes.
- c. Prepare and submit for the consideration of the Mayor and Common Council a plan and associated costs to develop a comprehensive, regularly updated economic data dashboard for City policymakers to track local economic conditions, performance trends, and equity outcomes. The dashboard should integrate indicators such as employment and wages, business activity, commercial vacancy, housing affordability, tax base trends, and neighborhood-level investment, and be designed to inform policy decisions, budget deliberations, and program evaluation.

C. Public Works & Operations

- a. It is the policy of the City to strengthen coordination between Public Works capital planning and citywide housing, sustainability, and accessibility objectives, including alignment of street, utility, and right-of-way investments with development activity, climate resilience priorities, ADA compliance, and long-range land use plans.
- b. Advance flood mitigation actions to protect city neighborhoods impacted by the revised FEMA flood maps. Prepare and submit for the consideration of the Mayor and Common Council any legislation, capital investments, or administrative actions necessary to support this infrastructure and public safety priority.
- c. Prepare and submit for the consideration of the Mayor and Common Council a comprehensive, long-range Facilities Master Plan addressing the condition, capacity, location, and future needs of City-owned facilities, to inform capital planning, budget decisions, facilities maintenance, workforce needs, and service delivery over the next decade.

D. Finance & Administration

¹ See page 37 of the Plan Ithaca, citing low-density residential at 10 dwelling units per acre, medium-density between 10-20 dwelling units per acre, and higher-density residential as significantly more.

- a. It is the policy of the City to advance a coordinated effort to bring financial records, reconciliations, and supporting documentation into a consistent, auditable state for fiscal years 2022 through 2025. Fully implement the City’s Corrective Action Plan from the most recent NYS Audit.
- b. Implement Council policies adopted in November 2025 requiring permanent (1) general fund balance policy; and (2) debt reduction, BAN conversion, and equipment replacement strategies.
- c. Prepare and submit for the consideration of the Mayor and Common Council a plan and associated costs to develop performance-informed budgeting frameworks and long-range capital planning for 2028 budget cycle and beyond.

E. Sustainability, Adaptability, and Resilience

- a. It is the policy of the City to support implementation of the City’s adopted Climate Action Plan by having staff prepare and submit for the consideration of the Mayor and Common Council appropriate legislation or strategies , focusing on the domains of housing, labor, public health, racial equity, power reliability, and emergency response.
- b. Prepare and submit for the consideration of the Mayor and Common Council a capital project budget that complies with adopted Justice50 policy.

F. Human Services and Quality of Life

- a. It is the policy of the City to promote participatory programs, community-driven planning efforts, and support for civic infrastructure that fosters trust, engagement, and shared stewardship of public spaces.
- b. Prepare and submit for the consideration of the Mayor and Common Council the establishment of a standalone Parks Department or improved operational plan to improve central planning, service delivery, maintenance standards, and community outcomes related to parks and public space.

G. Public Safety

- a. It is the policy of the to stabilize and fully staff all public safety-oriented positions within City government. Efforts to implement this policy should include preparation and submission for the consideration of the Mayor and Common Council operational and budgetary plans, and should include, including targeted recruitment, retention, and training strategies. Emphasis should be placed on restoring minimum staffing levels necessary to maintain service reliability, responder safety, and community trust.
- b. Evaluate the first-year of “ROOTS” implementation and prepare and submit to the Mayor and Common Council operational or policy adjustments in line with the local and national best practices emerging from Reimagining Public Safety efforts.

H. Intergovernmental Relations

- a. Pursuant to §C-11(A), support the Mayor in their duties and responsibilities for intergovernmental advocacy and representation around efforts to secure operational and capital grant funding, public and private economic investment, and advocacy for such federal, state, or regional policies or regulatory actions that they may deem appropriate or the Council may direct them to pursue.
- b. Prepare and submit for the consideration of the Mayor and Common Council such intergovernmental MOUs, contracts, or service sharing agreements that will benefit the residents of the City of Ithaca.

Vision Statement

Ensure every Ithacan has access to safe, affordable, and dignified housing, while enabling smart, sustainable growth that strengthens neighborhoods and our local economy.

Strategic Goals

1. Add 4,300 new housing units by 2030, including 1,600 deeply affordable units and 900 new for-sale units to support pathways to ownership to address demand, reduce upward pressure on prices, and enable population and workforce growth.
2. Reduce housing cost burden by 10% citywide, focusing on renters and low-to-moderate income households, through expanded affordability tools, tenant protection measures, and housing supply interventions.
3. End unsheltered homelessness through a Housing First approach and the development of permanent supportive housing, in partnership with County and nonprofit providers.

Economic and Community Development

Kayla Matos, Kris Haines-Sharp, Patrick Kuehl, Margaret Fabrizio

Vision Statement

Advance a resilient, inclusive, and innovative-driven local economy that reflects community values – one grounded in broad-based ownership, quality employment, cultural vitality, and equitable opportunity. This vision will be realized through strategic land use, investment in sustainable infrastructure, and vibrant commercial corridors.

Strategic Goals

1. Double the City's GDP growth rate over five years through coordinated land use, infrastructure, and innovation investments.
2. Expand access to economic opportunity, especially for historically underrepresented and marginalized communities, through targeted workforce development, public-private partnerships, new business development support, code modernization and streamlining, and neighborhood-level investment.
3. Strengthen and diversify neighborhood commercial nodes and downtown through planning, capital investment, and small-scale manufacturing or green production zones.

Public Works and Operations

Ducson Nguyen, Kris Haines-Sharp, David Shapiro

Vision Statement

Deliver efficient, equitable, and climate-resilient public infrastructure and operations that enhance quality of life, support sustainable growth, and strengthen community trust between the community and local government. Through modernization and innovation, ensure that City services are responsive, future-ready, and inclusive of all residents.

Strategic Goals

1. Reinvest in and maintain critical infrastructure systems—including streets, water, sewer, and stormwater—to meet current and anticipated future demand. Reduce deferred maintenance, enhance reliability, and ensure systems are adaptable to climate change and population growth.
2. Improve operational efficiency through targeted investments in personnel, training, fleet modernization, technology upgrades, and integrated data systems. Embed equity and accountability into operational practices to ensure consistent, high-quality service and communication across all neighborhoods.

3. Coordinate infrastructure and capital planning with citywide sustainability, accessibility, and housing objectives. Strengthen interdepartmental collaboration, integrate community input, and use capital investments as tools to advance long-term priorities.

Finance

David Shapiro, Tiffany Kumar, Clyde Lederman

Vision Statement

Promote a stable, transparent, and forward-looking fiscal foundation that sustains core services, enables strategic investment, and ensures equitable resource allocation across the community.

Strategic Goals

1. Maintain long-term structural balance and proactively pursue financial resilience while keeping annual tax levy increases within the State tax cap.
2. Expand non-property tax revenue through economic growth, external partnerships, and innovation in service delivery.
3. Improve transparency, equity, and performance in budgeting through participatory processes, performance metrics, and long-term financial planning, policies, and forecasting.

Public Safety

Phoebe Brown, Ducson Nguyen, Tiffany Kumar

Vision Statement

Advance a holistic, equitable, and community-centered public safety system that prioritizes prevention, trust-building, and well-coordinated emergency response.

Strategic Goals

1. Expand and institutionalize unarmed and community-based crisis response as a complement to traditional policing.
2. Strengthen coordination and communication among police, fire, EMS, and mental health responders to ensure effective, equitable, and timely emergency responses.
3. Build trust and accountability through proactive engagement, transparency, and recruitment strategies that reflect the values and diversity of our community.

Sustainability, Adaptability, and Resilience

Kris Haines-Sharp, David Shapiro, Pierre Saint-Perez, Patrick Kuehl

Vision Statement

Build a just, climate-resilient, and regenerative future by embedding sustainability, adaptability, and resilience into all aspects of City planning, policy, and operations. Create systems that not only mitigate environmental harm but actively restore ecological health, protect vulnerable populations, and position the community to thrive amid a changing climate and evolving economic landscape.

Strategic Goals

1. Advance emissions reductions across buildings, transportation, and infrastructure in alignment with the Ithaca Green New Deal, state climate targets, and global best practices. Leverage partnerships, policies, and investments to scale impact quickly and equitably.
2. Strengthen the community's capacity to withstand and recover from climate-related shocks, including extreme weather, energy disruptions, and threats to food and water security. Prioritize support for vulnerable populations and neighborhoods most at risk.
3. Embed sustainability, adaptation, and equity into municipal budgeting, capital planning, procurement, land use, and departmental decision-making. Develop consistent frameworks and accountability tools to ensure climate goals are reflected in City operations and long-term strategies.

Human Services and Quality of Life

Kayla Matos, Phoebe Brown, Patrick Kuehl, Margaret Fabrizio

Vision Statement

Promote a healthy, inclusive, and vibrant community where every resident has equitable access to opportunities, services, and spaces that support physical, mental, and social well-being.

Strategic Goals

1. Increase access to culturally competent mental health, addiction, and wellness resources through community-based initiatives, partnerships, and advocacy with Federal, State, and local governments.
2. Expand access to quality-of-life infrastructure, including parks, public spaces, and libraries, particularly for underserved neighborhoods, working families, retirees, and youth.
3. Strengthen neighborhood resilience and social connection through community-building, participatory programs, and investment in civic infrastructure.

Intergovernmental Relations

Pierre Saint-Perez, Margaret Fabrizio, Clyde Lederman

Vision Statement

Strengthen the City's relationships with County, regional, state, and federal partners to improve service delivery, secure external funding, and advance shared priorities for the greater Ithaca community.

Strategic Goals

1. Deepen alignment, communication, collaboration with elected leaders and administration officials across Tompkins County to support and coordinate service delivery, leverage shared infrastructure, and reduce duplication.
2. Position the City to effectively compete for state and federal funding by prioritizing grant readiness, strategic partnerships, and proactive advocacy.
3. Advance collaboration, shared identity, and operational efficiencies through strategic partnership with the Town of Ithaca, including existing and expanded shared services, coordinated planning, and long-term governance alignment to improve outcomes for all Ithacans.

MEMORANDUM

To: Ithaca Urban Renewal Agency members
Date: April 17, 2026
From: Nels Bohn, Director of Community Development
Subject: **CDBG Timeliness Status Report as of 4/8/26**

As of 6/2/26, our adjusted unexpended CDBG funds cannot exceed 1.5 times our most recent award to meet the CDBG timeliness test. As of 4/8/26 our ratio is 1.93 based on the 2025 award amount of \$680,918. The PR56 HUD report indicates that \$296,458 is the minimum additional disbursement required to meet the 1.5 timeliness test on 6/2 based on unexpended funds of \$1,314,171.

Following is a listing of major CDBG expenses incurred anticipated to be expended prior to June 2, 2026, that should bring the IURA into compliance with the CDBG timeliness test barring unforeseen events.
